

TERMS OF REFERENCE FOR THE CLIMATE CHANGE AND ENVIRONMENT COMMITTEE OF ASHINGTON TOWN COUNCIL

1. LEGAL

Unless a statutory prohibition applies, the performance of the statutory powers and functions and related work of a local council can be delegated to a committee.

This Committee is appointed in accordance with the provisions of Section 101, subsection 1 (a) of the Local Government Act 1972.

In accordance with Section 102 (3) of the Local Government Act 1972 Act provides the Council can appoint persons who are not its members to committees and sub-committees, including joint committees and sub-committees.

The powers, duties and functions of this Committee were approved at the Annual Meeting of the Council on 28th May 2024, and amendments presented and agreed at the Full Council meeting on 26th November 2024.

2. CONSTITUTION

- The committee is called the Climate Change & Environment Committee.
- Membership includes up to ? Councillors and ? Non-Councillors (Councillors should be appointed at the Full Council Meeting on 26th November 2024).
- A third of the membership of this Committee shall constitute a quorum.
- In accordance with section 102 (3) of the Local Government Act 1972, at least one Councillor must be present for the meeting to proceed.
- If the number of members present falls below the required quorum, the meeting shall be adjourned, and business not transacted shall be placed before the next meeting of this committee.
- The Committee shall elect a Chair and Vice-Chair from its membership at the first meeting of the Committee after the Council's Annual Meeting, Councillors will fill these posts.
- The committee agrees to meet at least four times a year.
- Full council agrees the remit of the committee.
- The committee has full delegated powers of decision making and spending in regards all items within its remit and agreed budget.
- The committee may consider other issues outside its remit referred to it by full council.
- The committee may agree a sub-committee and the terms of reference of that sub-committee.
- As a committee a formal summons for each meeting is required, in line with council standings orders.
- A draft report of each meeting will be presented for approval at the next meeting.

3. TERMS OF REFERENCE

Engagement and Partnership

- To promote Climate Change and Environmental issues within the town via all town council media and events.
- To engage with local businesses, schools, places of worship, community groups and other establishments to prioritise climate change.
- To run competitions in schools to promote climate change initiatives.
- To promote other climate conscious groups.

TERMS OF REFERENCE FOR THE CLIMATE CHANGE AND ENVIRONMENT COMMITTEE OF ASHINGTON TOWN COUNCIL

- To liaise directly with the NCC Climate Change Team on County-Wide proposals and initiatives.

Encouraging Biodiversity

- To propose ways in which the Council can promote biodiversity.
- To actively seek to be involved in projects that promote biodiversity.
- To ensure the consideration of biodiversity in all Town Council plans and projects.

Reducing Emissions

- To propose ways in which the Council can support the reduction of emissions internally, and to the wider community.
- To actively seek to be involved in projects that contribute to the reduction of emissions.
- To ensure the consideration of carbon emissions in all Town Council plans and projects.
- To receive and consider the detailed breakdown of carbon emissions for Ashington, expected from Northumberland County Council, and the recommendations therein.

Renewable Energy

- To ensure the work of the Council is taken forward with energy efficiency as a priority.
- To actively seek to be involved in projects that contribute to renewable energy and energy efficiency.

Carbon Sequestration

- To consider the management of town council land assets with carbon sequestration as a priority.
- To actively seek to be involved in projects that contribute to carbon sequestration.
- To ensure the consideration of carbon sequestration in all Town Council plans and projects.
- To encourage the community to get involved in projects that support carbon sequestration, i.e., NCC free tree scheme.

Waste and Recycling

- To ensure the work of the Council is taken forward with waste reduction and recycling as a priority.
- To propose ways in which the Council can support the reduction of waste and the benefits of recycling to the wider community.
- To actively seek to be involved in projects that contribute to the reduction of waste and increase recycling.
- To ensure the consideration of reducing waste and increasing recycling in all Town Council plans and projects.

Non-councillor members may be appointed to a committee or subcommittee because they can offer specialist knowledge or expertise in the work of the committee or sub-committee or because they represent sections of the local community that are relevant to the work of the committee or sub-committee.

This is especially true in the case of Climate Change and Environmental issues.
