

**Enc ix) AGENDA 10b) 2025-26 LOCAL TRANSPORT PLAN PROGRAMME CONSULTATION  
(2024/25 Priorities and Feedback**

<b>Priority</b>	<b>Feedback</b>
<p>The road surface condition on Hawthorne Road is unacceptable (from Third Avenue to Woodhorn Rd) and requires resurfacing. This is a regularly used route from the Town Centre into the Hirst Ward, and a regular bus route. This supports a priority issue identified by County Cllr Ken Parry.</p>	<p>The maintenance issue has been recorded and will be considered when developing future planned maintenance programmes. In the meantime, Area Maintenance teams will continue to monitor and carry out any minor works required to maintain in a safe condition.</p>
<p>The surface condition of Milburn Road is unacceptable and requires resurfacing. This is a major route through and in and out of the town and is also a main bus route. This supports a priority issue identified by County Cllr Ken Parry and County Cllr Mark Purvis.</p>	<p>The maintenance issue has been recorded and will be considered when developing future planned maintenance programmes. In the meantime, Area Maintenance teams will continue to monitor and carry out any minor works required to maintain in a safe condition.</p>
<p>Pedestrian safety is a major concern at Ellington Road Ends and on the A197 due to speeding traffic and high volumes of traffic, this is a significant concern due to the proximity of Bothal School. The Council supports road safety measures and in particular would like to see traffic lights on the junction from A1068 onto A197, and traffic calming measure.</p>	<p>Improvements to this section of road are included in the LTP Programme.</p>
